

DIE-CUTS/GASKETING

Foam gaskets are a versatile solution that provides a superior barrier and bonding capabilities for a wide range of products and applications. Available in a range of shapes, densities, sizes, and materials, and is done to customer specifications.

APPLICATIONS

- Foam gaskets can be applied to a wide range of industries, including: Appliance, Automotive, HVAC, Medical, Electronic, and Lighting, to name a few.
Sealing applications, for example, ventilation, dust and moisture sealing, vibration dampening and waterproofing.
- Weatherproofing: EVA gaskets provide good weathering, U.V., low temperature as well as ageing resistance. This makes them suitable for use in a number of outdoor weatherproofing applications.
- Automotive: Sondor's closed-cell gaskets do not need much pressure to create a seal. When you combine this with excellent chemical and oil resistance, you get a well-suited solution for automotive applications, particularly in vehicle interiors. Filters, washers, and shaped components for the automotive, electronics and industrial industries
- D.I.Y. applications

ADVANTAGES

- Ease of fabrication - cut to almost any shape or size - saving you time, labour costs and minimising waste
Impregnated foams are available for irregular gaps
- All products are supplied according to customer specifications.
- Flame retardant and anti-static grades are available.

- Sondor foams are naturally water repellent. This increases the buoyancy of the material and ensures the gaskets are resistant to mildew and bacteria.
- Sondor foams are also resistant to weather and U.V. deterioration. This makes gaskets an excellent solution in a number of exterior sealing applications.

PHYSICAL PROPERTIES/TECHNICAL DATA

- Composition: A wide variety of materials are available enabling the selection of exactly the right compression strength and cushioning properties required for specific applications.
- Densities: Various densities and thicknesses are available.
- Size: Supplied cut to size.
- Self-Adhesive Backing: Self-adhesive backing is available if required.
